to apply to Don Patrick Moran, soft-tongued manager of the Cincinnati Reds, with regard to rookies he has got hold of this season. After a sojourn at Cisco, Tex., and arguments with the powers-that-be in the town over the payment of \$7,500 to Garry Herrmann for sending the Reds there, but failing to send Groh, Roush, Kopf and Daubert, four stars, Moran and his team are now on a barnstorming tour and are putting up a good brand of ball. Hermann couldn't send the stars in question because they are hold-outs—that is, they all were then, but Daubert has recently come to the fold, after several weeks of talk on both sides. But Heinie Groh, third baseman; Larry Kopf, shortistop, and Eddie Roush, center-fielder, are still missing. And there's where what was thought to be the worst kind of luck was something of a blessing in disguise.

Rookies Making Good.

Rockies Making Goed.

Moran started experimenting with rockles. He put Sam Bohne, not any too young for a rookie, on third base, and the player promptly started "busting" Texas fences and fielding well. Fonseca. another rookie, was inserted at second and blossomed out into a fast player. Sam Crane, who has been with the team for some time, was assigned to shortstop; so well is Samuel doing that Larry Kopf may have a fight on his hands to get his old job back if he returns.

Rube Bressler, a southpaw pitcher, with the steam several years. Rookies Making Good.

er, with the team several years, was placed at first base when Jake Daubert insisted on remaining away and has shown that if necaway and has shown that if necessary he can cover the bag. However, as Daubert is still a very fine
first baseman, he has given way to
Jake, to be used as a pitcher.
Another development is Dawson
in right field. Though a rookle,
he may start the season there if
Pough desen't report with Chad See

Roush doesn't report, with Chad See left. If Roush returns, See will be shifted back to right field and Dawson will go to the bench. Moran Likes Hargrave.

Of course, Groh and Roush, 300 hitters, will be missed badly if they remain away, but the fortunate development of the rookies is very

to effectiveness, though some of the hurlers are rounding into good form and, on past performances, may have a good year. In Eppa Rixey, obtained from the Phillies for Greasy Neale and Jimmy Ring, and Rube Marquard, taken from Brook. It wo southpaws, who may be called his pitching stars. Marquard, however, is well along in years and may not go good.

Then there is "Red" Eller, good still, out deprived of the specialty that made him a star. the "shine" baller, may go well. Adolfo Luque, the Cuban right-hander, is rather good, while Napler, a "30-year-old rookie" obtained late last searon, as the has promise. He was nicked for eleven hits, four of them coming in the fouth inning, as he has promise. He won with case. Redoubtable "Red" Kibbe twirled for the opposition. "Red" had a young pitcher Moran had been watching, as he has promise. He also has Bressler, of course, and well in closing games and may show to advantage. Brenton is a young pitcher Moran had been watching, as he has promise. He also has Bressler, of course, and there chance in "big time" after failing to do anything much with the Boston Red Sox and Cleveland Indians.

How the Reds will go is doubtful to by dissension last season through "bigheadedness" over winning the world's championship in 1919 and on account of much squable of doing. Moran has "bust-ed" the team in censequence, getting rid of Ring, Reuther and Neale in trades, and sending second baseman Morris Rath to the Coast League. Unless the Reds get away to a good start this year and feel they be a second baseman morris Rath to the Coast League. Unless the Reds get away to a good start this year and feel they be a second baseman and good start this year and feel they be a second baseman and good start this year and feel they be a second baseman and good start this year and feel they be a second baseman and good start this year and feel they be a second be seen and good start this year and feel they be a second baseman and good start this year and feel they be a second baseman and good sta

Unless the Reds get away to a good start this year and feel they have a good chance of finishing on top or well up, things may go badly, as it is a new crew in many positions which needs welding in team play and in the world that wins ball play and in the spirit that wins ball games. Moran has the ability to inculcate this desirable spirit, and may do something this season.

Bohne looks good at last as an inof course. Groh and Roush, 300 hitters, will be missed badly if they remain away, but the fortunate development of the rookies is very pleasing to Moran, and should his stars fall in line he'll be well fixed with reserves. When Moran announced recently he wasn't worrying overmuch over the holdouts, some folks said he was spoofing, whereas Don Patrick's words were something more than Irish Blarney. Should Groh come back—and it is are a very desirable pair of catchfielder. after a lot of jumping
